

How to place your Sequencing+ PLUS order via Email

1. Download our [DNA Sequencing Order Form](#) and complete the excel file with your order requirements.

Please choose the correct service type to avoid any misunderstanding.

Type of Service (please indicate with "X" for service required)

- Single Pass DNA Sequencing
- Sequencing Service Plus
- Difficult Template Sequencing
- Ready-to-Load Sequencing (BDT v3.1)
- Ready-to-Load Sequencing with Clean-up (BDT v3.1)
- Direct Genomic Sequencing
- Primer Walking of Constructs - Single Pass
- Primer Walking of Constructs - Bi-Directional

Choose the different sample type accordingly. Check online for more information:

<http://www.base-asia.com/SS1201-sequencing-PLUS>

Sample			Primer			Pre-treatment
Sample Name	* Type of DNA	Total size in bp (e.g. plasmid = insert + vector size)	Primer Name	Conc (pmol/μL)	Ta (°C)	Type of Add On Service
Bacteria Pellet	10 = Broth Culture	5000	Primer A	10	55	
Bacteria Pellet	10 = Broth Culture	5000	Primer B	10	55	
Unpurified PCR	5 = Unpurified PCR Product	500	Primer C	10	55	
Unpurified PCR	5 = Unpurified PCR Product	500	Primer D	10	55	

2. Email your order with your DNA Sequencing Order Form attached to sequencing@axilscientific.com.
