On MALDI-ToF / ToF  
Analysis  
and Electrospray  
(LC/MS/MS)

Product  
Details

Product No.

SS001-1 - **SGD 128.40 per sample (after GST)**

Description

MALDI-TOF/TOF Mass Spectrometry (Sequencing by MS/MS)

Includes

Trypsin digestion of protein, running of samples with automatic database analysis

Suited for

Optimal for pure protein from 2D gel spots. Coomassive blue stain only

Product No.

SS001-2 - **SGD 283.55 per sample (after GST)**

Description

Electrospray (LC/MS/MS) Mass Spectrometry (Sequencing by MS/MS)

Includes

Trypsin digestion of protein, running of samples with automatic database analysis

Suited for

Optimal for single gel band containing 2 or more proteins, or low abundant samples. Silver stain or other MALDI compatible stain.

- Above services are recommended for quick and high throughput identification for proteins with known or relevant genome in the current database.
- To enjoy this offer, samples must reach us by **14 June 2012**. Promotion is valid till **30 June 2012**.
